It's Dangerous to Go Alone: Why Are Gamers So Angry?

The subset of entitled, belligerent gamers convinced it entitles them to defend their rightness by any means male.

Sexism, misogyny and online attacks: It's a horrible time to consider yourself a 'gamer'

These gamers, who often frequent online video game communities' comment sections, evangelizing what the term means in the context of their own twisted worldview, see themselves as the gatekeepers

The SJW effect - welcome to the end of the world

Why we need more developers like Zoe Quinn

To reach their full potential, games need to stop empowering the player and embrace the raw and personal.
